one lakh new terms in Oriya were evolved. They are being processed for printing and publishing by the Orissa Text Book Bureau.

(c) Commission for Scientific and Technical Terminology works in cooperation with various State Government agencies to promote science and technology in different regional languages. Its aim is to enrich and develop all Indian Languages as mediums of instruction. It has been engaged in the task of evolving technical terms in Hindi, producing university level text books, definitional dictionaries and various reference literature. So far, 53 definitional dictionaries have been published. The Commission also prepares and publishes monographs, digests and readings, monitors the activities of the Hindi Granth Academies/University Cells in Hindi speaking states, compiles and publishes Pan-Indian technical terms, and a journal of Science in Hindi, the Vigyan Garima Sindhu, with a view to encourage language writing in the sciences.

A total of 5.5 lakhs technical terms have been evolved in different disciplines, such as Basic Sciences, Social Science, Humanities, Technology, Medicine, Agriculture, etc. Over one lakhs terms have been keyed-in and entered into computers.
